

County Agricultural Investment Program (CAIP)

- The application period for the 2022 CAIP program ended on August 31st, 2022. Check our newsletter, The Farmacy, for updated application dates!
- A requirement for the CAIP application is to have an Ag Water Quality Plan for your farm. Your plan must be on file with the Campbell County Conservation office.
- Please visit <https://www.uky.edu/bae/awqp> to get information on creating an Ag Water Quality Plan. It can be completed online; however, you may contact the Campbell County Conservation Office on Mondays, Wednesdays, and Fridays for assistance in filling out your plan. You can call them at 859-635-9587.

DEVELOP AN
Ag Water
QUALITY PLAN.
